# INTRODUCTION AND GENERAL INDEX

---

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Tarboro City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Tarboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Tarboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Tarboro City Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Tarboro, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Tarboro, and the name, official personnel, nature and address of each firm and corporation in the community.

866528

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

### Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Tarboro and vicinity.

### The Tarboro Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Tarboro City Directory, a Directory Library is maintained in the offices of the Tarboro Merchants Assn. and Chamber Of Commerce, Inc. for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada, and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### General Review

Edgecombe County, assessed valuation rate \$1.50 per \$100. Total County debt \$1,949,000 (June 30, 1972).

Tarboro, county seat of Edgecombe County, is located in the coastal plain section of North Carolina, in the center of one of the State's finest agricultural areas producing tobacco, cotton, peanuts, corn and feed-stuffs. Located within the town limits is a cotton mill employing 625, a farm machinery manufacturer employing 1,000. Other industries include cotton, toys, lumber, knitting, feed and grain and cotton oil mills. Tarboro, the home of Carolina Telephone and Telegraph Company which serves about 100 municipalities in eastern North Carolina.

Incorporated in 1760, Tarboro has shown steady progress in growth. The retail business section, with its modern stores and progressive merchants, is one of the finest in the south for any city of comparable size. A wide selection of merchandise is offered in the stores and the local citizen can fulfill all his needs right at home.

Tarboro has a healthy diversification of industry which insures its continued growth and prosperity. Located here are 3 large textile mills, two hosiery mills, an agricultural machinery manufacturer, a plywood manufacturer, a concrete block and concrete products manufacturer, a peanut processing plant, large plastic toy manufacturer and communications cable plant. Native labor is employed in the Tarboro plants and employee-manager relationship has been noted for smoothness of operation and good will.

**Tarboro High School**

In addition to its diversified industry, Tarboro is a very important tobacco market. Six large, modern auction warehouses handle the leaf sales and buyers representing all domestic and foreign companies are on hand for the auctions. For the past several years Tarboro has shown a gratifying increase in the number of pounds sold each year and is rapidly becoming one of the best markets in the Bright Leaf Tobacco Belt. Production and marketing of cotton and peanuts have also played a very important part in the city's growth.

Tarboro boasts two modern hospitals. The modern Edgecombe General Hospital, completed in 1959, is open to all races, also the Quigless Clinic. The health of a community plays a vital part in the stability and progress, not only of the community itself, but of the nation as a whole, and Tarboro is fortunate in having these fully-equipped hospitals with their well-trained staffs. They serve patients from a wide radius, and the doctors who practice in the hospitals are considered among the finest in the State.

Tarboro operates its own electric system, furnishing an ample supply of power both for industry and home needs. The profits derived from the Municipal Light and Power System have contributed towards keeping the city in excellent financial condition, with a low bonded debt and a low tax rate. The city also has a modern water purification plant which was built during the mid-thirties, with an addition added in 1958. This plant is large and modern in every respect, and is adequately equipped to take care of the city's present and future needs.

Tarboro is served by a network of well paved roads which include U. S. Highways 64 and 258. The Seaboard Coast Line Railroad Company serves the city and offers excellent connections to all parts of the country. Excellent bus connections are available to all parts of the State.

The Municipal Swimming Pool in Tarboro is one of the finest in the South. Tarboro citizens can well be proud of this splendid outdoor pool which is open day and night to swimmers of all ages. Year after year, Tarboro has produced outstanding swimming teams which have won more than their share of trophies and records in swimming meets both at home and throughout the East, Midwest and Deep South. The Tarboro

Long Manufacturing Co. Inc.

pool has paid great dividends in health, safety and teamwork for the youth of Tarboro, and has been an important addition to the recreational facilities of all her citizens.

Edgecombe Memorial Library

Tarboro Swimming Pool

In addition to the swimming pool, Tarboro has a fine Municipal Ball Park. Additional recreational facilities include golfing, tennis and softball. Fishing in the Tar River which borders the city, and in the smaller streams in the country, as well as hunting in the fall and winter, round out a complete recreational program.

Of special interest to the visitor is the Town Common which is one of the most beautiful parks in the State. Its massive oak trees have afforded shade for generations and it is a favorite gathering place for children and grown ups. Visitors will also want to see the trees growing in the Calvary Episcopal church yard, including a cork tree, brought from every continent of the world.

Tarboreans are proud of the Common, the only Common south of Boston, a tract of land situated in the heart of the city, where stately oaks and flowering dogwood trees make it a place of beauty.

Adjoining Tarboro on the south is the Town of Princeville which is the only incorporated Negro community in the State. Princeville was incorporated in 1885.

Edgecombe County was formed in 1732. Bounded by Halifax, Martin, Nash, Pitt and Wilson counties, it is in the center of the Bright Leaf Tobacco belt of the Carolina Coastal Plain. Within its borders are five hundred and fifteen square miles of rich agricultural land which produce tobacco, peanuts and cotton in great quantity. The sandy loam of Edgecombe County is ideal for the raising of flue cured tobacco. This valuable crop is grown in all parts of the county and contributes materially to the wealth of this section. Plant disease is rare, and the better grades of tobacco predominate. Ranking sixth in the state in value of crops and livestock, Edgecombe County depends largely on the soil to maintain a relatively high per capita worth. Of the county population, over fifty-five thousand, about seventy per cent are engaged in agriculture and the raising of livestock.

The social and civic life of Tarboro is active and very progressive with 17 civic and cultural clubs. The Hilma Country Club and American Legion hut are constantly in use. The Tarboro Moose Lodge is a large and ever growing fraternal organization.

Town Common

There is one public library in Tarboro with bookmobile service for the county people. Established in 1922, the library now has 47,984 volumes. Main library and 2 bookmobiles with combined staff of 8 to serve the entire county. 342,124 books circulated 1972. 6,137 borrowers registered since June, 1967. Services include: Reference and advisory assistance; Clipping File on Local and North Carolina topics; Back issues of magazines; Art Exhibits; Recordings for loan; Meeting room for group use; Films on loan through state agency; Story Hour month of June. Open 10-6 Monday through Friday; 10-2 Saturday.

Tarboro has an active Planning Board and Zoning Commission. The town and its vicinity are carefully zoned and the town has a long range development plan.

In conjunction with Edgecombe County, the town helps support a non-profit Industrial Development Organization which has successfully added to the towns industrial growth.

A newly formed Historical Society has established a museum for permanent housing of many valuable collections relating to the rich history of Tarboro and Edgecombe County.

### CAROLINA TELEPHONE AND TELEGRAPH COMPANY

Organized in January, 1900 with home office in Tarboro. Our facilities extend into 40 counties of Eastern Carolina, and has 114 dial exchanges; also customer dialing of long distance calls is provided in 96 exchanges. Fayetteville is the largest exchange. The plant investment exceeds \$215,000,000. Approximately 500 of the company's 2,500 employees are located in Tarboro. 1968 construction budget was set at \$36,000,000.

Tarboro Concrete & Building Supplies, Inc., located on Highway 64 east of Tarboro, is engaged in the manufacturing of concrete and solite masonry block and ready-mixed concrete.

This company, founded over 15 years ago, has shown steady growth and presently employs in excess of 30 men. Block production exceeds 6,000 masonry units a day. The company operates a modern fleet of

block and ready-mix trucks equipped with automatic loading and unloading equipment.

A complete modernization of production facilities including the installation of a material handling system and a ready-mix batch plant in 1965 has placed Tarboro Concrete & Building Supplies, Inc. among the leading concrete products manufacturers in Eastern North Carolina.

## **Common Sense About City Directory Circulation**

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore  $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$ .

## **Out of Sight -- Out of Mind Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

## CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with the  
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**T** Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

**Do Not Lend Your  
 CITY DIRECTORY**

**IT COSTS YOU MONEY—Every Time it Is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

**THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.**

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Star ★ Preceding Name Indicates NEW HOUSEHOLDER This Edition.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ☉ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Star appearing between street number and name of occupant denotes new householder this edition.

Telephone numbers, as supplies to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

# **When You Want to Know:**

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on  
a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems  
that pop up unexpectedly to annoy and  
baffle you.**
- you can quickly find the answer  
in the City Directory.**

# **Power of Advertising**

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

## **Our Service Cannot Be Excelled**

# **Don't Use An Old Directory!**

**One address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—**

**Why not avail yourself of fresh information for your daily use?**

# SERVICES OF R. L. POLK & CO.

## MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping and creative services.

## AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

## CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,400 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally.

## BANK DIRECTORY

Published semi-annually, Polk's World Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.
